## OBJECTIVE

---

A summary of relevant and past work as a Lighting Designer and Stage Lighting Electrician. Drew is a motivated and well-communicative artist with a passion for bringing the stage to life through the means of lighting. He has a proficient understanding of operating within the context of stage lighting, including, but not limited to, drafting in current versions of Vectorworks, running focus calls, patching and programming in ETC environments, and ensuring the safe handling and hanging of lighting fixtures.
